## Models K Series

**Buick Touring Coupe**

The Buick Model K-Six-46 is a true Coupe model, with permanent sides and roof, an exceptionally wide body, and its graceful contour eliminates all open spaces between the body and fenders.

Quality has been the foremost consideration in the construction of the 1920 Model K Series. An established standard of Buick construction that for years has given to the Buick Valve-in-Head Motor Car a reputation of superiority.

Upon such a foundation of strength, durability, and value has the 1920 Buick Series been designed and manufactured.

An inspection of the new line will reveal improvements and refinements that are sure to please the most exacting purchaser.

### Buick Sedan for Seven

The Buick Model K-Six-50 four-door Sedan is the latest development in closed car design. The front seat, instead of being divided, is full width, giving additional roominess to passengers and providing an extra brace to the body which adds considerably to its stability.

### Buick Touring Sedan

The Buick Model K-Six-47 follows the design and lines of the Buick seven-passenger Sedan very closely. The body is of new design, low in appearance but with ample head room.

**The Buick Model K-Six-48**

### Buick Three-Passenger Roadster

The Buick Model K-Six-14 possesses marked advantages for the man or woman who wishes a car of limited passenger capacity, with an exceptionally roomy and comfortable driving compartment.
